michigan//GLASS MONTH
 April.07

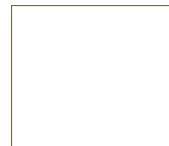

This year was one of transition for the MGM Committee, both in membership and vision. After 26 years of dedication and passion to the movement, Sylvia Vigiletti and Jean Sosin have stepped back to a supporting position in the activities of MGM. We cannot express the depth of our thanks to the steadfast and committed work of these two individuals and the foundation they laid for the Michigan glass community.

The goals of the new committee and our vision for the future seek to incorporate the already well established aims of years past—to educate and promote public awareness for the varied glass arts and their uses in industry, in the home and in ART, and to focus on the Michigan artists who use glass as their means of artistic expression.

The creation of a comprehensive website, (www.michianglass.org), focusing on all aspects of the glass arts in Michigan will be developed this year encouraging community events between artists and galleries, educational institutions, museums, and private individuals who share our love of this amazing molten medium.

ADHERE RETURN LABEL

//Additional thanks to Herb Babcock, Ken Gross, and Michelle Plucinsky of the 2007 MGM Committee.
